ACDS CET NEW SERVICES ACCREDITED

1-Year Provisional Accreditation | July 2026 - July 2027

A small home. Individualized support. Meaningful lives.

Diamond Living provides person-centred supportive living in a warm, respectful home environment where adults with developmental disabilities are supported to live with dignity, choice, belonging and greater independence.

A SMALL HOME BY DESIGN

Our supportive living home intentionally accommodates a maximum of three adults. The smaller setting allows for more individualized attention, consistency and a calm, welcoming space that supports safety, belonging and healing.

WHO WE MAY SUPPORT

- Adults 18+ with developmental disabilities
- Mental health or dual-diagnosis support needs
- Complex medical or medically fragile support needs
- Behavioural support and structured routines
- Daily living, life-skills and community participation
- Individualized or complex support requirements

OUR APPROACH

- Person-centred planning and individual choice
- Dignity, respect and informed decision-making
- Positive, least-restrictive behavioural supports
- Health, safety and professional accountability
- Community inclusion and meaningful participation
- Collaboration with individuals, families, guardians and care teams

LEADERSHIP & QUALITY

Founded and led by Joy Mwuese Abu, RN, with more than 25 years of nursing and community-support experience, including mental health, complex care, supportive living and developmental disability services.

Our accredited systems support individual rights, health and safety, intake, service planning, medication, behavioural supports, risk management and quality improvement.

REFERRALS & PLACEMENT INQUIRIES

We welcome inquiries from PDD professionals, Family Managed Services families, guardians, families and community partners.
