03 CORE SERVICES

Cardinals Inc. offers two specialist service lines alongside its product supply.

SERVICE 01

Medical Gas Installation & Maintenance

Specialist installation and maintenance of medical gas systems, focused on safe design, competent workmanship, testing and applicable standards.

This work is carried out as a specialist engineering service requiring appropriate technical competence and compliance.

SERVICE 02

Equipment Maintenance & Technical Services

- A Medical equipment servicing and repair
- B Preventive maintenance contracts
- C Medical gas system inspection and maintenance
- D Technical support and assistance with spare-parts sourcing

04

PRODUCT PORTFOLIO

The portfolio spans six categories, from diagnostic equipment to everyday consumables.

4.1 Medical Equipment & Devices

Diagnostic and monitoring tools for patient care

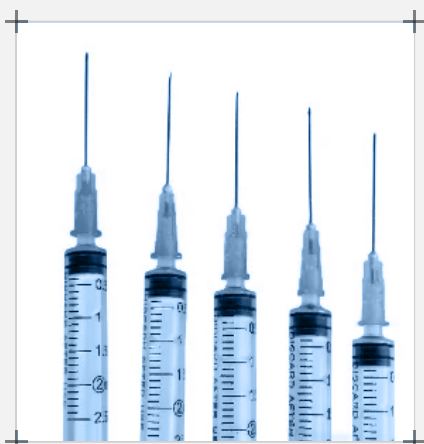

Patient monitors, oxygen concentrators, suction machines, nebulizers, ECG machines, pulse oximeters, infusion pumps, defibrillators, examination lights, weighing scales

4.2 Hospital Furniture

Comfort, safety and function for patients and staff

Hospital beds, examination couches, bedside lockers, overbed tables, wheelchairs, stretchers, stools and chairs, IV poles, medical cabinets, delivery beds and maternity furniture

4.3 Medical Consumables

High-turnover supplies for daily procedures

Syringes and needles, surgical gloves, face masks, gauze and dressings, surgical drapes, IV cannulas and infusion sets, catheters, urine bags, adhesive tape, disposable gowns and caps

4.4 Infection Prevention & Control

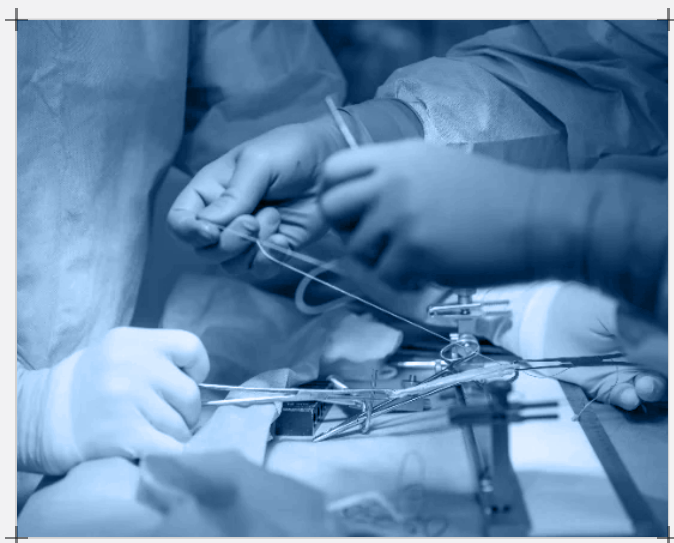

Clean, safe clinical environments

Autoclaves, sterilization equipment, medical waste bins, sharps containers, hand-sanitizing stations, protective clothing, disinfection equipment

4.5 Laboratory Equipment

Laboratory workflows and diagnostic services

Microscopes, centrifuges, laboratory refrigerators, laboratory benches, diagnostic testing equipment, specimen containers, laboratory consumables

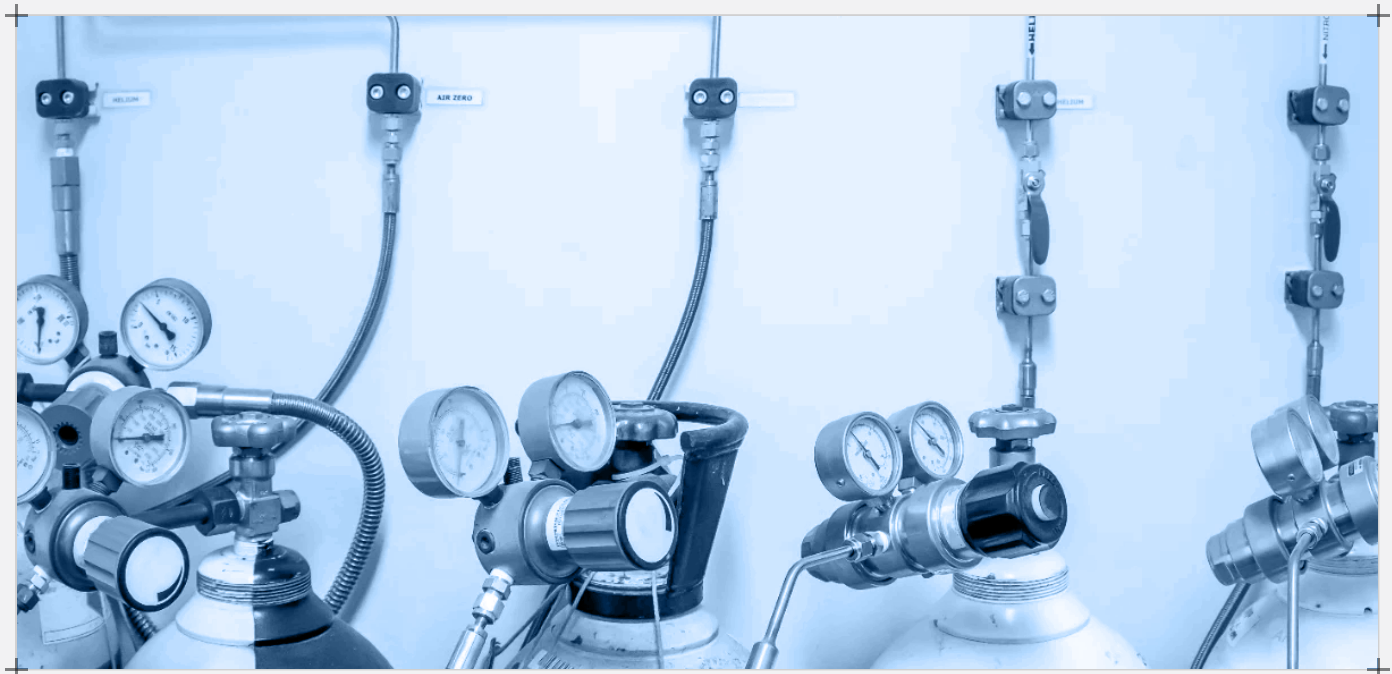

4.6 Sutures & General Medical Supplies

Complements the equipment and furniture range

Sutures and general medical supplies; availability, specifications and regulatory documentation confirmed per order

05 HOW WE WORK

Why Choose Cardinals Inc.

Reliable sourcing: a dependable supply chain for essential healthcare products.

Compliance-minded: emphasis on appropriate standards, product documentation and safe technical practice.

One-stop convenience: equipment, furniture, consumables and specialist technical services from one supplier.

Technical support: servicing support and spare-parts assistance beyond supply.

Recurring supply: repeat ordering of consumables to help facilities plan their needs.

AREA	OUR APPROACH
Supply	Reliable sourcing, clear product specifications and responsive customer service
Technical support	Maintenance assistance and spare-parts sourcing for supported equipment
Compliance	Relevant product registration and standards documentation verified for the applicable market and product
