EcoADJUVANT™
SPREADER – EMULSIFIER

READ ENTIRE LABEL BEFORE USING THIS PRODUCT

PRINCIPAL FUNCTIONING AGENTS:	
2,6,8-Trimethyl-4-nonyloxypolyethyleneoxyethanol	50.0%
Constituents ineffective as spray adjuvant:	50.0%
TOTAL:	100.0%

STATEMENT OF PRACTICAL TREATMENT
May cause eye irritation. In case of contact, flush eyes with plenty of water. May cause drying of the skin. Do not use, pour, spill or store near heat or open flame. Store only in original container.

USER SAFETY RECOMMENDATIONS
User should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove clothing immediately if the product gets inside. Wash thoroughly and put on clean clothing. Remove Personal Protection Equipment after handling this product.

STORAGE
Store upright at room temperature. Avoid exposure to extreme temperatures. In case of spill leakage, soak up with an absorbent material such as sand, sawdust, earth, fuller's earth, etc. Dispose of with trash.

KEEP OUT OF REACH OF CHILDREN
CAUTION
FIRST AID
IF IN EYES: Flush with plenty of water. Seek medical attention if irritation persists.
IF ON SKIN: Wash with soap and water.
IF INHALED: Remove exposed person(s) to fresh air.
IF SWALLOWED: Rinse mouth out with water. Do not induce vomiting. Seek medical attention if feeling sick or nauseous.

CONTAINER DISPOSAL: Triple rinse or its equivalent, then offer for recycling or reconditioning, or puncture and dispose of with ordinary trash.

EcoADJUVANT SPREADER-EMULSIFIR is a unique adjuvant blend that works to improve the effectiveness of most pesticides and herbicides used in the landscaping and structural pest control markets. This product can also be applied in combination with nutrient products to improve their effectiveness. EcoADJUVANT SPREADER-EMULSIFIER is fully compatible with and designed to aid spreading and emulsification of EcoSMART products. EcoADJUVANT SPREADER-EMULSIFIER fits well in an IPM program since it is easy on beneficial insects and honeybees. This product cannot be used on edible crops.

DIRECTIONS FOR USE:
Use 0.5 to 2 ounces per 1 gallon of spray solution. When using EcoADJUVANT at the higher rate, it is recommended to test for possible phytotoxicity before applying. This product can be used in food/feed handling establishments. Read and follow the precautions, restrictions and recommendations on the labels of pesticides used with EcoADJUVANT SPREADER – EMULSIFIER.

COMPATIBILITY: EcoADJUVANT SPREADER – EMULSIFIER is compatible with most pesticides. However, if the desired combination has not been previously used, a compatibility test is recommended.

MIXING: Shake well before using. Fill spray tank 1/2 full of water and begin agitation. Add EcoADJUVANT SPREADER – EMULSIFIER first and continue agitation until mixed. Add pesticides as directed by label or in the following sequence and continue filling tank: (1) Dry flowables or water dispersible granules, (2) Wettable powders, (3) Flowables, (4) Solutions, (5) Emulsifiable concentrates. If spray solution has been allowed to stand, thoroughly agitate and remix before application. Continuous agitation of finished spray is recommended.

Question or Comments: Call 1-888-326-7233 weekdays, 9 a.m. to 5 p.m. CST. Chemical Safety Information: Call 1-800-535-5053 anytime (InfoTrac Chemical Response System)
