- Indoor / outdoor and night-vision cameras
- NVR/DVR setup with remote mobile viewing
- Cabling, mounting and system testing

Fire Alarm & Detection Systems

Complete fire safety solutions to protect people and property, installed and commissioned to code.

- Smoke, heat and gas detectors
- Fire alarm control panels and sirens
- Emergency signage and pull stations
- System inspection, testing and maintenance

Painting Services

Interior and exterior painting for offices, buildings and facilities using quality materials and finishes.

- Wall preparation and surface treatment
- Interior and exterior painting
- Decorative and protective coatings
- Color consultation on request

Renovation & Rehabilitation

Full renovation and rehabilitation works to refresh and upgrade commercial and residential spaces.

- Space assessment and renovation planning
- Flooring, fixtures and finishing works
- Repairs and structural touch-ups
- Project handover with quality checks

All technical and renovation projects are managed under one contract with one point of contact — the same "one supplier, one invoice" principle Sticky applies to its product supply.
