Our Mission

To support and empower people with disabilities in Tunisia by providing practical assistance, promoting independence, and helping each person pursue their personal, educational, and social goals.

Our Vision

A more inclusive society in which people with disabilities are valued for their abilities and have every opportunity to participate fully in their communities.

OUR PROGRAMS

Three programs, one goal: independence

White Cane

We provide white canes free of charge, with orientation and mobility training, so blind people can move safely and confidently.

Inclusive Education

Braille tools, screen readers, and tactile learning materials for pupils and students, from primary school to university.

Technology Solutions & Vocational Training

Finding technology solutions, computer and smartphone training, and job skills that open the door to employment.

Our next project

The LAMS Cultural Center in Tunisia

A permanent, fully accessible center for people who are blind, deaf, or living with other disabilities, with an audio and Braille library, training workshops, and cultural activities. It will be the base for our outreach missions to every region of Tunisia.

Our services are free

- White cane with orientation and mobility training
- Braille tools and tactile learning materials
- Assistive equipment for university students
- Computer, smartphone, and screen-reader training

Who can benefit?

- Blind and visually impaired people of all ages
- Pupils and students with visual impairments
- Families who need guidance and support

We welcome partnerships with

- Tunisian disability associations
- Schools, high schools, and universities
- Municipalities and relevant regional authorities

An independent humanitarian association with no political affiliation, working in cooperation with Tunisian associations and institutions and in accordance with applicable law.
