COMPANY & PRODUCT PROFILE

Pure Water • Healthy Life • Better Tomorrow

A WORD FROM OUR CEO

Quality, Trust & Service is Our Identity

Asalam-o-Alaikum!

In today's world, a healthy life starts with clean water. Crystal Flow is committed to strengthening that foundation.

Our team is working day and night to ensure that from 330ml to 19L, every bottle delivers pure and safe drinking water. We believe in building long-term relationships with our distributors and customers.

Let's build a healthier Pakistan together.

Best Regards,
MRS. MAHWISH HAQ
Chief Executive Officer

ABOUT CRYSTAL FLOW

Clean water. Modern purification. Reliable supply.

Crystal Flow is a Pakistan-based premium drinking water brand established in 2025 with a clear purpose: to make safe, refreshing and dependable drinking water accessible for homes, offices, events and everyday life.

Our focus is simple - consistent quality, hygienic handling, practical bottle sizes and reliable distribution. From individual bottles to family and office formats, Crystal Flow is designed to serve different hydration needs with one quality promise.

OUR VISION

To be a trusted and affordable drinking water brand in South Punjab, providing pure water for every home, office and event.

OUR MISSION

To deliver crystal-clear drinking water through modern filtration, hygienic packing and reliable distribution across Pakistan.

ADVANCED PURIFICATION

Multi-stage treatment for clean, safe and refreshing drinking water.

CRYSTAL FLOW
PURE WATER • HEALTHY LIFE • BETTER TOMORROW

UV LIGHT • BENEFITS

- Kills 99.99% of bacteria, viruses and pathogens
- Chemical-free disinfection for safe drinking water
- Improves water quality and taste
- Low energy consumption
- Easy to operate and maintain

OZONATOR • BENEFITS

- Powerful disinfection and oxidation
- Removes bad odor, color and taste
- Breaks down harmful contaminants
- Enhances overall water purity
- Environment friendly • leaves no residue
- Ideal for high quality, safe and fresh water

100% PURE SAFE WATER | **ADVANCED RO TECHNOLOGY** | **HIGH PERFORMANCE** | **LOW MAINTENANCE** | **ENERGY EFFICIENT** | **RELIABLE DURABLE**

1 Pre-treatment Initial filtration supports removal of suspended impurities and prepares water for advanced purification.

2 RO Filtration Reverse Osmosis is used as a key purification stage to reduce dissolved impurities.

3 UV Treatment Ultraviolet treatment provides an additional disinfection barrier in the purification process.

4 Ozonation Ozone treatment supports final disinfection, freshness and hygienic water handling.

5 Quality Control Water quality is monitored and handled under hygienic plant procedures by trained staff.

OUR QUALITY PROMISE

Quality is not a claim - it is a process.

RO + UV + Ozonation

Multi-stage purification technology.

Hygienic Packaging

Food-grade bottles and caps with careful handling.

PSQCA Compliance

Product manufacturing aligned with applicable PSQCA standards.

Lab Testing

Water quality is tested as part of the quality assurance process.

Our promise: never compromise on quality. Every stage - from purification to filling and delivery - is built around cleanliness, consistency and customer trust.

Feel the
PURITY

FOR RETAILERS, OFFICES & EVENTS

A practical product line built for repeat demand.

Crystal Flow offers a portfolio suitable for retail shelves, offices, schools, events, hospitality, family consumption and bulk hydration requirements. Multiple pack sizes make it easier for business partners to serve different customer segments from a single brand.

We believe in long-term relationships with distributors and customers, supported by consistent quality, service and timely supply.

OUR SERVICE COMMITMENT

From production to delivery, our management goal is to provide quality products on time and at the right value, while continuously improving our products and services.

LEADERSHIP & COMMITMENT

Driven by quality. Strengthened by teamwork.

MRS. MAHWISH HAQ | Chief Executive Officer

Building a healthier Pakistan through clean water, customer trust and long-term relationships.

KHAWAJA ABDUL HAQ | Director

Committed to safe, high-quality drinking water and a promise never to compromise on quality.

M QAMAR UZ ZAMAN | Management Head

Focused on teamwork, continuous improvement and dependable service from production to delivery.
