

ASHRO HOLDINGS PLUMBING SERVICES

WHERE QUALITY FLOWS

Professional Plumbing Solutions for Residential & Commercial Clients

COMPANY OVERVIEW

Ashro Holdings Plumbing Services is a South African plumbing company providing reliable, professional and quality plumbing solutions to residential and commercial clients. The company is committed to delivering quality workmanship, safe working practices, suitable plumbing materials and customer satisfaction.

Based in the Rosslyn / Pretoria area of Gauteng, Ashro Holdings Plumbing Services serves Rosslyn, Akasia, Pretoria and surrounding areas within approximately a 30 km radius. The business supports homeowners, businesses, property owners, property managers, contractors, facilities and other clients requiring professional plumbing installations, repairs, maintenance and renovations.

OUR VISION

To build a trusted and respected plumbing company known for quality workmanship, professional service, reliability and customer satisfaction, while creating opportunities for skilled women to participate and grow within the plumbing industry.

OUR MISSION

To provide safe, dependable and professional plumbing services using quality materials and sound plumbing practices. We aim to respond efficiently to clients' needs, provide clear quotations, complete work to a high standard and promote responsible water use and practical plumbing solutions.

OUR CORE VALUES

Quality: Proper workmanship and appropriate, quality plumbing materials.

Integrity: Honest communication and responsible service.

Safety: Protecting clients, property and workers through safe work practices.

Professionalism: Respectful communication, neat work areas and dependable service.

Reliability: Responsive service and efficient completion of work.

Customer Satisfaction: Practical solutions that address the client's needs.

Growth & Inclusion: Supporting skills development and greater participation of women in plumbing.

OUR PLUMBING SERVICES

- Blocked drains and drain unblocking
- Drain jetting
- Leak detection and leak repairs
- Geyser installation and replacement
- Bathroom renovations
- Bathroom installation and maintenance
- Kitchen installation and maintenance
- General plumbing maintenance
- Water backup system installations
- Plumbing fixture installation and maintenance
- Plumbing inspections and assessments
- Quotations and plumbing assessments
- Issuing of Certificates of Compliance (CoCs), where applicable and compliant with requirements

RESIDENTIAL PLUMBING

We provide plumbing services to homeowners and households requiring maintenance, repairs,

installations and renovations. We understand that leaks, blocked drains and faulty plumbing can disrupt daily life and contribute to unnecessary water costs. Our approach is to identify the problem, explain the required solution and complete the work professionally.

COMMERCIAL PLUMBING

Ashro Holdings Plumbing Services is positioned to support commercial clients with planned and reactive plumbing maintenance, installations, repairs, inspections and renovation work. We understand the importance of keeping commercial properties functional and minimising disruption to business operations.

WHY CHOOSE ASHRO HOLDINGS?

Qualified and licensed plumbing services
Professional quotations and clear scope of work
Commitment to quality workmanship
Use of appropriate and quality plumbing materials
Residential and commercial capability
Maintenance, repair, installation and renovation services
Plumbing inspections and Certificates of Compliance where applicable
Customer-focused service
Safe and neat work practices

OUR WORK PROCESS

1. Receive the client's request and understand the plumbing problem or required work.
2. Inspect the site and assess the plumbing requirements.
3. Determine the materials, tools, labour and time required.
4. Provide a quotation where applicable and obtain approval before proceeding.
5. Isolate water/services where necessary and establish a safe working area.
6. Carry out the work using suitable plumbing methods and materials.
7. Test the completed work for leaks, functionality and workmanship.
8. Clean the work area and leave the site neat.
9. Explain the completed work and provide relevant documentation, including a CoC where applicable.

SAFETY, QUALITY & COMPLIANCE

Safety and quality are important parts of our operations. Ashro Holdings Plumbing Services aims to carry out work in accordance with applicable South African plumbing requirements, occupational health and safety practices, manufacturer installation instructions and relevant standards applicable to the work being undertaken. Where necessary, work areas are controlled with appropriate barricading and signage, suitable personal protective equipment is used, and completed work is inspected and tested before handover.

WATER-EFFICIENT & PRACTICAL SOLUTIONS

Where appropriate, we can recommend practical solutions that support water efficiency, reliable water supply and long-term system performance. These may include low-flow fixtures, water backup systems, water hammer control solutions, suitable geyser systems and other practical water-saving improvements.

CLIENTS WE SERVE

- Homeowners and households
- Landlords and property owners
- Property and facilities managers
- Retail and commercial premises
- Contractors and construction-related projects
- Small businesses and offices
- Community and residential properties
- Clients requiring plumbing maintenance and emergency assistance

BUSINESS DEVELOPMENT & PARTNERSHIPS

Ashro Holdings Plumbing Services is open to developing professional relationships and partnerships with property managers, contractors, facilities management companies, insurance-related service networks and other organisations requiring dependable plumbing support. We aim to build sustainable relationships through responsive service, quality workmanship and professional documentation.

OUR COMMITMENT TO WOMEN IN PLUMBING

Ashro Holdings Plumbing Services recognises the importance of creating opportunities for women within the plumbing and construction industries. As the business grows, our long-term goal is to create opportunities for female plumbers and skilled women who want to build careers within the plumbing industry. We believe that skills, professionalism and workmanship should determine a person’s opportunities—not gender.
