

INVITATION

A Private Conversation on Investment in Resilient Ageing

HONG KONG ROUNDTABLE LUNCHEON

6 November 2026, Friday
12:00pm to 1:30pm

A DVF Food For Thought series

Why this conversation, why now?

Hong Kong and Singapore are among Asia's fastest-ageing cities, and they have built care models with different subsidy approaches — from government funded provision to targeted vouchers that put choice in seniors' hands.

What would it take for capital to treat care the way it treats infrastructure — with sustained demand, contracted or subsidised revenue, measurable performance and long duration? Where is that already true, and what is missing for care to become investable infrastructure?

Date

Friday, 6 November 2026

Time

12:00pm – 1:30pm

By invitation only

The Perspectives

An operator, an investor and an impact practitioner - three perspectives on one question: what does it take for care to become investable infrastructure?
