COMPANY PROFILE

Georgen Logistics and Supply

Global Supply, Local Delivery, Reliable Solutions

Logistics | Procurement | Supply Chain Solutions

ABOUT US

Who We Are

Georgen Logistics and Supply is a logistics, procurement and supply chain solutions company. We support mining companies, remote businesses, government institutions, humanitarian organisations and other organisations operating in complex or difficult-to-reach environments.

> *We become an extension of our clients' supply chain function, ensuring that the right materials, equipment and supplies are sourced, managed and delivered to the right place, at the right time.*

OUR SERVICES

What We Do

An integrated combination of eight capabilities.

Third-Party Logistics (3PL)

Outsourced logistics management from supplier to site.

Mining Spares and Consumables Supply

Sourcing and stocking critical parts and consumables.

Emergency and Disaster-Response Procurement

Rapid procurement and delivery when it matters most.

International Sourcing and Procurement

Supplier networks across key global markets.

Freight, Transport and Delivery Management

Coordinated movement of goods to any destination.

Warehousing and Inventory Management

Secure storage, stock control and inventory integrity.

Expediting and Supplier Management

Keeping orders on schedule and suppliers accountable.

Bespoke Supply Chain Solutions

Tailored solutions designed around each client's needs.

OUR CLIENTS

Who We Serve

Mining Companies

Spares, consumables and logistics that keep operations running.

Remote Businesses

Dependable supply to sites that are hard to reach.

Government Institutions

Transparent procurement and delivery of public-sector requirements.

Humanitarian Organisations

Rapid procurement and logistics for emergency response.

DIRECTION

Vision and Mission

Our Vision

To become a leading African logistics, procurement and supply chain solutions company, connecting global markets with businesses and communities in remote and challenging operating environments.

Our Mission

To simplify and strengthen supply chains by providing reliable logistics, strategic procurement, international sourcing and responsive supply solutions that enable our clients to focus on their core operations.

BUSINESS DIVISIONS

Five Divisions, One Integrated Solution

01

3PL and Remote Logistics

Supplier to warehouse, mine site, project site or remote location.

02

Mining Spares and Consumables

Sourcing and holding strategic stock.

03

Emergency and Disaster Supply

Dedicated emergency procurement and logistics capability.

04

International Sourcing

Established supplier networks across eight regions.

05

Bespoke Supply Chain Solutions

Advisory and outsourced services tailored to each client.

3PL and Remote Logistics

Movement of goods from supplier to the client's warehouse, mine site, project site or remote operating location.

- Freight, transport and delivery management
- Warehousing and inventory management
- Expediting and supplier management

Supplier → **Freight and transport** → **Warehouse** → **Mine, project or remote site**

Kojo Johnson

Managing Director

Kojo is a strategic supply chain, procurement and logistics professional with over 15 years experience across mining, commercial operations, contract management and supply chain transformation. He combines technical expertise with practical operational leadership and commercial acumen, and understands how supply chains work in challenging and remote environments.

His background includes senior leadership in the mining sector, postgraduate training in procurement, logistics and supply chain management, and professional certifications in procurement, logistics and commercial contract management.

CORE EXPERTISE

- Strategic Supply Chain
- Procurement
- Logistics
- Contract Management
- Supply Chain Transformation
- Mining Sector Leadership

BSc

Brima Byle

Finance and Warehouse Manager

Brima is a results-oriented finance, inventory and supply chain professional with over 10 years of cross-sector experience in mining, commercial services, finance and banking. He brings financial acumen, warehouse and inventory expertise, demand planning, business analysis and operational controls to Georgen.

As Finance and Warehouse Manager, he is responsible for strengthening the company's financial discipline, inventory integrity and operational efficiency.

CORE EXPERTISE

- Budgeting and Cost Management
- Financial and Business Analysis
- Inventory Optimisation
- Demand Forecasting
- Warehouse Controls
- Process Improvement

BSc

Allan Williams

Procurement and Contracts Manager

Allan is a seasoned procurement and contract management professional with over 10 years of experience across the mining, commercial services and NGO sectors. He has a strong track record in strategic sourcing, supplier and contract management, commercial negotiation and cost optimisation.

As Procurement and Contracts Manager, he oversees sourcing, supplier relationships and contractual arrangements, ensuring value for money, supply continuity and robust governance.

CORE EXPERTISE

- Strategic Sourcing
- Supplier and Contract Management
- Commercial Negotiation
- Procurement Governance
- Cost Optimisation
- Stakeholder Engagement

BEng., MSLIE

Mohamed Lowe

Engineering and Parts Sales Manager

Mohamed is a registered Professional Mechanical Engineer and experienced maintenance leader with over 15 years of heavy industrial asset management experience across rutile mining, iron ore logistics and beverage manufacturing.

As Engineering and Parts Sales Manager, he provides technical leadership across the company's industrial equipment, machinery, spare parts and engineering solutions, helping clients identify the right technical solution for their operational requirements.

CORE EXPERTISE

- Asset Management
- Maintenance Leadership
- Technical Commercial Support
- Spare Parts Sales
- Engineering Solutions
- Industrial Equipment

BSc

Diana I. Amara

Logistics and Administration Manager

Diana is an accomplished supply chain and logistics professional with over 14 years of experience in large-scale mining operations, spanning procurement, warehousing, logistics and supply chain operations. She brings operational leadership, commercial understanding and practical experience of managing supply chains in complex and demanding environments.

As Logistics and Administration Manager, she oversees logistics coordination, administrative operations and the efficient execution of services across the business.

CORE EXPERTISE

- Logistics Coordination
- Warehousing
- Procurement
- Supply Chain Operations
- Administration
- Operational Leadership
