Brewed for the Journey
Our name is dedicated to Tommy, an immigrant, who set sail to Trinidad in 1924 in search of a better life. Tommy's journal detailed his experiences and dreams, and served as an inspiration to his grandson who discovered the journal decades later, and founded this brewery.
Each beer we brew is a tribute to Tommy, representing a stage in his journey. His journey is one of adventure, innovation and of following your dreams, even in the face of great adversity.

Jun 1st, 1921
I wander the streets of this great city, awed by the sights and sounds. Men stumble out of a nearby bierhall drunkenly singing and spilling their beer, while a great machine soars overhead...
...Experience a classic taste of Bavaria with Zeppelin, a Munich-styled Dunkel lager with a complex malty flavour and low hop bitterness. Brewed with specialty German malts, Zeppelin is smooth and rich with notes of roasted nuts, caramel, and toffee.
